Confined space

**Is the substance hazardous to health when:**

Breathed in

Swallowed

In contact with skin

In contact with eyes

Other. Please specify

**Health risks:** May irritate respiratory system and eyes. Splashes to eyes may cause irritation and damage.

**Skin contact:** Repeated exposure may cause skin dryness or cracking.

**Eye contact:** Over-exposures of vapour are irritating to eyes. Splashes entering the eye will cause discomfort and possible damage.

**Ingestion:** May cause irritation, nausea and vomiting.

**Inhalation:** Over-exposures of vapour are irritating respiratory system.

**First aid and emergency measures:**

Emergency services

First aider

First aid box

Shower

Eye wash

Wash affected area

Boot wash

**First aid details:**

**In all cases of doubt, or where symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.**

**INHALATION:** Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped administer artificial respiration. Give nothing by mouth. If unconscious place in the recovery position. Seek medical advice.

**EYE CONTACT:** Remove contact lenses. Irrigate copiously with clean, fresh water for at least 10 minutes, holding lids apart. Seek medical advice.

**SKIN CONTACT:** Remove contaminated clothing, wash skin thoroughly with soap and water, or use a proprietary skin cleanser. Do not use solvents or thinners. Seek medical advice if symptoms persist.

**INGESTION:** If accidentally swallowed, DO NOT INDUCE VOMITING. Keep at rest and obtain medical attention.

**Spillage and environmental:**

**Mobility:** Store in an upright position and ensure container is tightly closed.

Do not use or store by hanging on a hook.

Always keep in containers made of the same material as the supply container, or in containers that are compatible with the product. The accumulation of contaminated rags may result in spontaneous combustion. Good housekeeping standards and regular safe removal of waste materials will minimise the risks of spontaneous combustion and other fire hazards.

**Accidental release:** Do not discharge into drains or rivers. Contain the spillage using bunding then, absorb into dry earth or sand. Transfer to a closable, labelled salvage container for disposal by an appropriate method.

Avoid breathing vapours.

Clean residue with a detergent; avoid use of solvents.

Water

Carbon Dioxide

Dry powder

Foam

Fire blanket

Raise alarm

**Fire details:**

Extinguishing media: Recommended - Foam, CO2 or Dry Powder.

Not to be used – water jet.

Recommendations: Fire will produce dense black smoke. Exposure to decomposition products may cause a health hazard.

Fire fighters should wear self-contained breathing apparatus.

Closed containers exposed to fire should be cooled with water. Do not allow run-off from fire-fighting to enter drains or water-courses.
